

## AMENDMENTS TO THE CLAIMS

### *Listing of Claims:*

1-15 (Previously cancelled)

16. (Currently amended) ~~A polyolefin product~~ Oligomers of 1-decene, 1-dodecene, or both having a viscosity of not less than 22 centistokes at 100°C, a pour point of less than -30°C, a Noack number of about less than or equal to 3, and a dimer content of less than about 2 weight percent. ~~made using the process of claim 1.~~

17. (Original) The product of claim 16 having a viscosity of not less than 30 centistokes at 100°C.

18. (Cancelled)

19-22 (Previously cancelled)

23-27 (Cancelled)
